Embark on your journey towards a successful career

Studying at university and considering a career as an actuary? Then why not find out first hand what life as an actuary is really like by becoming a summer intern at LCP.

Experience working for an award winning actuarial firm. Meet the people, see the offices and join in the social scene on a summer internship in London or Winchester for up to 8 weeks with varied and engaging work, training and pay, and a real opportunity to secure a graduate position.

To be eligible you'll need:

- A grade in A-level mathematics plus good grades in other subjects
- Predicted a 2:1 honours degree or above (any subject)
- Highly numerate with good people skills
- Typically, penultimate year of study

We have high hopes for the interns we recruit each year, as ultimately we want them to advance to our graduate trainee programme. Therefore, you will only be selected for an internship if we think you have got what it takes. Fortunately there is plenty we can do to support you during your development here. We will go out of our way to ensure you settle in and really get a taste of what life as a student actuary at LCP is like.

Working at LCP

We are not so big to have lost the personal touch, yet large enough to offer you experience on a wide range of projects, including advising FTSE 100 and global companies.

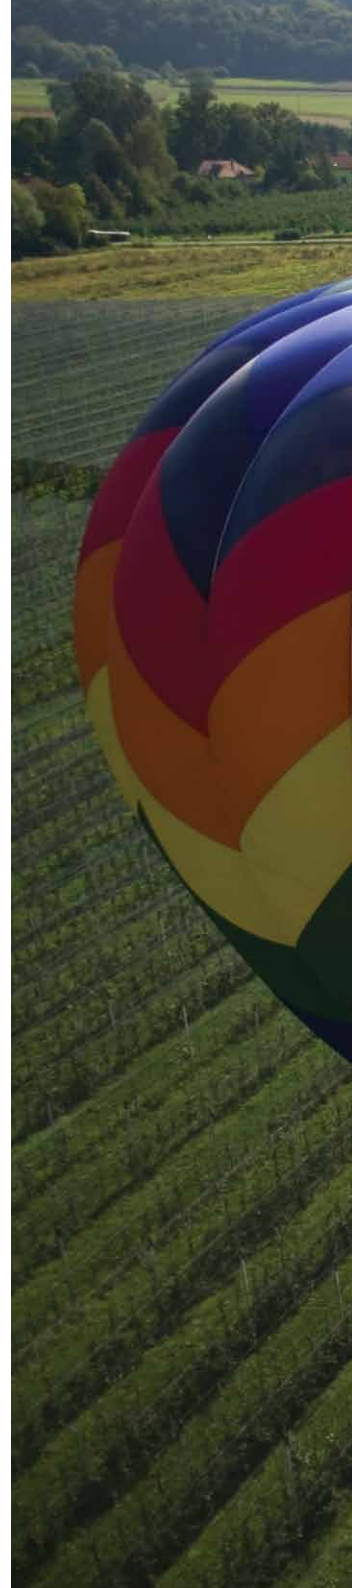

We set ourselves high professional standards, reflected in the fact that we have won the European Pensions Consultancy of the Year in 2010 and a host of other awards. So you can be sure that you'll be working with some of the very best and brightest in their field.

Working in a smaller, specialist firm like LCP means you will not be "just a number" and can really make the most of the opportunities on offer here. From day one you will be valued, actively involved and able to make your own contribution to meeting the needs of our clients...and joining in our social scene too!

With plenty of social and sporting events arranged, we've been told that we're a friendly and sociable firm. So it's no coincidence that our London and Winchester offices are both set within easy reach of the many attractions they have to offer.

There is a genuine friendly and supportive atmosphere at LCP. I have been made to feel very welcome and part of the team from the start of my internship.

Name: Graham

Department: Insurance

Location: London

You get as much out of an internship as you put in, and at LCP you are given the opportunity to shape your placement according to your interests.

Name: Hannah

Department: Pensions Actuarial

Location: London

After my intern experience I knew for certain that I wanted to go into the actuarial profession and that LCP was perfect. I was offered the graduate position which I didn't hesitate to accept.
